 - impaired hearing
 - excess discharge
 - ringing
 - frequent infections
- Eating disorders
- Epilepsy
- Environmental sensitivities
- Eyes
 - vision loss
 - blurred vision
 - night blindness
 - colour blind
 - eye pain
 - eye strain
 - Cataracts
 - corrective lenses

- Fibromyalgia
- Food intolerance
- Gastroesophageal reflux
- Genetic disorders
- Glaucoma
- Gout
- Headache
 - neck pain
 - facial pain
 - jaw clicks or pain
 - aura
 - light sensitive
 - nausea
- Heart disease
- Infection, chronic
- Inflammatory bowel disease
- Irritable bowel syndrome
- Kidney or bladder disease
- Learning disabilities
- Liver or Gallbladder disease
- Mental illness
- Mental retardation
- Neurological
 - loss of balance
 - poor memory
 - seizures
 - areas of numbness
 - Parkinson's
 - Huntington's
 - paralysis
 - stroke
- Sinus problems
- Thyroid problems
- Obesity
- OCD
- Osteoporosis
- Pneumonia
- Sexually transmitted disease
- Skin
 - Acne
 - rashes
 - change in texture
 - change in moles
 - itching
 - ulcerations
 - eczema
- Tuberculosis

- Ulcer
- Urinary Tract
 - frequent urination
 - urgency
 - decrease flow
 - painful urination
 - blood in urine
 - kidney stones
 - erectile dysfunction
 - distinctive odor
 - distinctive colour
 - sores on genitals
 - frequency at night
 - Other _____

- Varicose Veins
- Other _____

CHILDHOOD ILLNESSES

- Chicken pox
- Measles
- Mumps
- Mononucleosis
- Polio
- Rheumatic fever
- Rubella
- Scarlet fever
- Warts
- Whooping Cough

MEDICAL (MEN)

- Benign prostatic hyperplasia
- Prostate cancer
- Decreased sex drive
- Infertility
- Sexually transmitted disease
- Vasectomy
- Breast Exam
- Other _____

MEDICAL (WOMEN)

- Menstrual irregularity
- Endometriosis
- Infertility
